ENDOFOUND VIRTUAL PATIENT CONFERENCE 2020 October 16-18, 2020

Dear ,

I hope your health and wellbeing is at its best right now. This has been a difficult time for everyone, especially endometriosis patients. When the Endometriosis Foundation of America's Annual Patient Day was cancelled last March, we were devastated; Patient Day has always been a time for patients to meet one another, learn more about endo, and make lasting friendships. Now, there has never been a more important time for patients to (virtually) come together, share their stories, and support one another.

EndoFound has rescheduled Patient Day as a full weekend affair, virtual, and free. The conference will take place between **Friday, October 16th - Sunday, October 18th**. Patient Day was created by patients in recognition of the patient's voice: you know your symptoms best, and you know how to advocate for yourself and support others going through a similar journey. This year's Patient Day will continue to feature a diverse series of panels and sessions on extra-pelvic endo, Endo 101,

Endometriosisföreningen, Sverige
c/o Föreningshuset Sedab AB
Virkesvägen 26
120 30 Stockholm

Org. nr 802413-0075
